

Hola: Quental?

Hallelujah! So many things to share with you all! We love you so much, thanks again for your faithful communications, your love and prayers! W.N.I!!!

This month will be our 9th in Argentina, WOW! The Lord hasn't stop blowing our minds, inspiring, molding, changing and blessing our lives! All glory to Him! "Praise be unto God for his mighty wonders, and the great power he has given unto the children of men! Thank you Jesus, for thy power, Lord, that surrounds us, and lights us, and causes us to glow! God's power is the mightiest of all! T.I.J. (M)

well, 5 months after our arrival here, Faithy and Juan came for the NAF! You've probably already seen the video "Strings of pearls", and heard about their "peril", what a miracle as the "Malvinas war" had just finished and there was still quite a tension in the air, an other miracle that we didn't get problems as Jally is British, thanks to our friend Paolo (music king) who proposed to take care of our papers! Joseph, Jonas and Abigail had former a group "Los Prodigals", singing in clubs and discotheques, PTL for his music, helping us to meet people and share our blessings!

What an inspiration to see Faithy after so many years! She personally asked us to start a music combo here to record songs from local disciples, there are a lot of prodigals too, it is such a challenge, a revival and the Lord has honoured our working together!

Our team is composed of Joseph, Abigail, Jonas and Jally and our children, and the Lord recently added to our personal family Hector, who just forsok his job as a dentist to dedicate all his time and talent of pianist to the Lord's work, he is 27, Argentine, a sweet gemini helping us with our AP!! PTL for this wonderful life of ours! Jacobeth has been living in different national homes with children sharing her teaching talents!

We just moved into a nice house 1 hour from BA (Buenos Aires), with a nice garden, we have put the recording studio in one of the bedrooms for now, Tiras is coming soon to help us build one in our garage! GEN! A team is working on provisioning the material, keep us in your prayers, only God can do it as surely it is an impossible situation !!

God bless the family here, with their donations we were able to get: 2 Teac tape recorders, a 2 track and a track, an A2 Teac mixing table, 6 channels, speakers, an amplifier and microphones costing over 4000 \$, the owner of the store, Adolpho gave us a reduction of .00 \$ wanting to help us in our effort of producing music and songs "con vida" !!! Adolpho has become a very close friend of our family here, and has come for dinner a few times with his wife and children, they are Jews but very respectful of our faith and don't hesitate to hold hands with us when we pray for the food! They surely feel we've got something to offer to others. Don't we? Ha! Nobody can deny our happiness!!

Jonas has been recording the Warden of Eden series in Spanish, having Dad's voice in the background, and Jered (American, Spanish speaking brother) reads in Spanish! What a beautiful project, huh?

So far we were able to record 2 videos, 13 songs (5 in Spanish), and 6 tapes of UoE in 2 months of pionering, and learning from scratch how to operate the equipment, sweet talented Jonas is our dear technician. We are all learning a lot too about one take recording!

We are working really closely with Marie heart who doesn't stop getting new beautiful songs, in English and Spanish. PTL for helping us use our talents, "As we pour out we will pour in!", Melodie her older daughter (54/2) is already a fluent Spanish singer! GEN!

So, Hallelujah! You'll see us soon via videos or hear us, hum, hum, hum we love you, and miss you all especially MM team and MWMI, what a precious privilege we had to live so close to you, we cherish our souvenirs!! XXXXXX We have so much to be

thankful for!

Jonas is working on singing his own songs in Spanish for MCV, and two prodigals Jethro and Guillermo are coming to record songs they wrote years ago, that helped start the revolution here in Argentina, such a good bait to bring them back closer to the heart of our dear shepherd and king and to give them a taste of our new life and freedom of the spirit in the house of David!

We'll finish here with a lot of love from us all to you, keep us in your prayers, God bless you all in the south, we pray we'll be able to be a blessing to you soon

We are praying for you.

Con mucho amor y mucho mas.

Yours in Jesus and David.
